Please do not forget to have the Senior Ad form and all your information in by **Friday, January 12, 2023.**

In order to reserve yearbook space, be sure to respond by **January 12**. All information: pictures, text, money, and the form provided must be turned in to the yearbook staff by this date. It is understood parents must own the rights to the pictures they provide, and photographs must be picked up by the end of the academic school year; otherwise, they will be discarded. Space for a senior ad cannot be guaranteed until the yearbook staff has received a check. The space in the senior ad section is limited; therefore, the staff will continue to sell senior ad space until it runs out, meaning if it sells out before **January 12**, any senior ad request after space has sold out will not be able to be honored. Thank you!
